

## Annual Report 2015-16

Some additional focus for the lab infrastructure during this year was because of repeated student request on supporting their needs in labs and equipment. We reached out to the alumni and they responded generously as always. Hence we made sure to inform the respective HODs about the alumni contribution in this initiative and that VisionUVCE was just a facilitator. We plan to take up more such initiatives in the coming days

### **Major Initiatives:**

- New look given to the website and with additional details and information about the college and alumni is live now. Sampada – E-Magazine Newsletter successfully completed 5 years.
- Scholarships to students (22 Full Scholarships and 22 Half Scholarships)
- Conducted Sammilana Event for the successive 2<sup>nd</sup> year which was attended by around 50+ senior alumni who enjoyed the Slide-show of old photos and shared their memories with us.
- Supported “UVCE Jaatre” for successive 2<sup>nd</sup> year as well which was well organized by the students.
- Sponsored eMPower UVCE Team & SAE Team to participate in GoKart championship and as well as in BAHA
- Financed some lab equipment for Computer Science Department Microprocessor lab
- Got the lab equipment serviced and repaired in ECE & EEE Departments. Also purchased around 10 CPU for the EEE Lab
- Contributed some funds to the students initiative of repairing the Lecture Complex. We started giving VU Champ Certificates to students who volunteer to work in college. Also, organized book arrangement initiative in library
- Decided to keep the additional fund of 1,02,000 in Fixed Deposit, the interest from which will be utilized in the coming years for college activities only.
