

Annual Report 2017-18

In the Centenary Year, we are glad that we have been able to organize couple of events and receive great support and encouragement from the college authorities, students and as well as the alumni. We are planning to carry forward this momentum and organize a Mega Event during June 2018. Many senior alumni have come forward to guide us and work with us to celebrate this historic milestone and remember our alma-mater

Major Initiatives:

- Team VisionUVCE is proud of organizing a 5K Centenary Marathon on 2 April 2017, which witnessed the participation of more than 800 people, the success of which is a testimony of the support, and boundless efforts put in by the team of alumni and students coupled with the boost of the Sponsors and Senior Alumni.
- From the funds remaining, we have installed water purifier in the Mechanical Department.
- One of the notable prospects is that we have been publishing Sampada, an e-magazine which is a flagship initiative from VisionUVCE and has been sent to the alumni from past 8 years now. This is documenting UVCE history and the present for the future generations to know. Based on the best articles in Sampada, "Avalokana" was published in August by collating the milestones of UVCE. We are thankful to the Sponsors and Advertisers who helped in printing the Centenary Souvenir.
- For the year 2017-18, 72 students were awarded Scholarships, thanks to all our donors
- We have sponsored multiple student groups and initiatives – UVCE Music Band 8GB RAM, UVCE eMPower Team for GoKart Competition, IEEE event Kagada, Jaatre, Electrical student projects etc

Date	For	Amount	Details
04/03/2017	Marathon Registration & Sponsorship	55838	Siemens Sponsorship & Last minute Online Registrations
	Marathon Registration	84460	Students + OnSpot Registrations + Teachers Sponsorship
