

Best Class Application

Details about the Event:

From VisionUVCE, we hope that a healthy competition between ever buzzing classes of UVCE branches on a selected set of areas like Innovation, Activities would amplify the overall development of students into engineers in a big way. And with that thought, we are proposing "Best Class Of The Semester" competition that will be held this year, starting with the new semester for the 1st and 2nd year classes of all branches.

1. Rejuvenating participative confidence and thoughts in students. We believe it as a stepping stone to improving oneself.
2. Working as a team helps in improving the personality development of the students - they interact, debate, dissent, decide and such arrival at conclusions are always praiseworthy.
3. More emphasis on innovation and ideation - Ultimately we all love UVCE making noises on the innovation front.
4. Time Management & Discipline - this competition is time bound and needs well rounded effort. Weekly updates are warranted. Guidance will be provided.
5. Professional Approach - we intend that the event will provide an opportunity to learn soft skills & teach professional behaviour in the future.
6. More positive Branding for UVCE. This is an interesting idea and most outsiders - Higher Education Institutes, Companies would laud the efforts of the students who would partake in this and thereby the branding of our institution is given a big fillip.

Rules

1) Minimum of 30% of the class strength should agree to participate.

Special Cases:

- Separate sections will be treated as individual classes.
 - If total strength of the class is less than 30, min of 40% of the strength should participate.
- 2) All the participants should agree to be part of the event voluntarily. There is no compulsion to join.
 - 3) Every person agreed to join should stay till the end of the event i.e. until that semester.
 - 4) No addition/ deletion is allowed after the initial confirmation for that semester. However, there can be more inclusions for the next semester.
 - 5) From the group, two co-ordinators need to be selected by end of the week:
 - Preferably, one girl and one boy, but not mandatory
 - Everyone in the group should agree towards this selection
 - These two will be the point of contact for both sides – organizers and participants
 - The Co-Ordinators cannot be changed in between one semester. So, it would be better to decide taking everyone into confidence.
 - All the details, updates, information will be provided to them.
 - Any clarifications needed will be channelled via them
 - They will need to provide the regular updates and other information as and when required.
 - 6) Criteria matrix will be shared with everyone. The group will need to decide which areas they want to select for the semester. Every criteria will have its own weightage for the evaluation.
 - 7) Every class can have its own interpretation for the criteria and decide how they want to act upon it accordingly. They can have the initiatives designed as per the group wish. There will be judging points which will be evaluated based on each of the factors and goals met.
 - 8) Few suggestions will be provided along with the few mandatory areas to be tackled. Some fundamental goals will be set for each criteria which needs to be self-evaluated as well as judged by the organizers.

Conditions:

- I am participating in this competition out of my self-interest
- I understand that I need to be part of this event throughout this semester. If I choose to quit in between, my class loses the chance to become "The Best Class"
- I will not use this reason as an excuse to miss classes or any other activities in the college.
